## INTRODUCTION

The battery is a key component of the entire Toshiba Satellite computer, and allows the idea of a mobile computer to exist by providing power to the system. Below are specific instructions to remove the battery.

This document was generated on 2020-11-28 06:33:23 AM (MST).

## Step 1 — Battery

• Push the locking tabs away from each other.

## Step 2

• Pull up on the battery to remove.

To reassemble your device, follow these instructions in reverse order.
