

# Samsung SCV-VLUUST50 Cover Replacement

This is a disassembling guide for the front and back covers of the Samsung SCV-VLUUST50.

Written By: Jade Withrow

---

## INTRODUCTION

The disassembly of the covers will be needed to replace/repair anything on the Samsung SCV-VLUUST50, not including the battery.

---

### TOOLS:

- [Phillips #00 Screwdriver](#) (1)
  - [Magnetic Project Mat](#) (1)
-

## Step 1 — Cover

- Unscrew all visible screws indicated by red circles with a #00 Phillips driver.
- Slide memory card cover and unscrew hidden screw underneath with a #00 Phillips driver.

## Step 2

- Remove the flat side panel by applying gentle pressure toward the bottom of the camera.
- Remove the corner panel by applying pressure away from the shutter button.
- ⓘ The memory card cover will come off with the corner panel.
- Remove the top panel by applying gentle pressure away from the shutter button.

### Step 3

- Remove screws beneath the top panel indicated by red circles with a #00 Phillips driver.

### Step 4

- Remove the front and back covers by pulling them straight apart.

To reassemble your device, follow these instructions in reverse order.
