

# ZTE ZMAX Z970 Volume Button Replacement

Removing and disconnecting the current ZTE ZMAX Z970 volume button for replacement.

Written By: Burak Cengiz

# INTRODUCTION

A guide on the replacement of the volume buttons on a ZTE ZMAX Z970 smartphone.

## TOOLS:

- [Tweezers](#) (1)
  - [Spudger](#) (1)
  - [Phillips PH000 Screwdriver](#) (1)
  - [iFixit Opening Tools](#) (1)
-

## Step 1 — Battery

- Insert a fine point tool into the hole on the top left side of the phone to remove the SIM and SD card trays.
- Pull out the trays.

## Step 2

- Insert a plastic opening tool into the groove between the phone's back cover and casing.
- Move the plastic opening tool along the edges of the phone to unclip the two pieces.

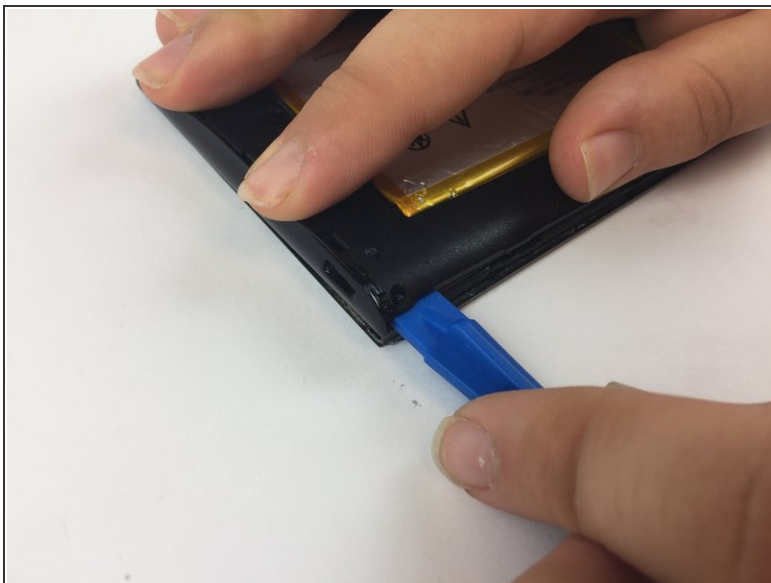

## Step 3

- Remove the ten 1.2mm screws with a Phillips #000 screwdriver.

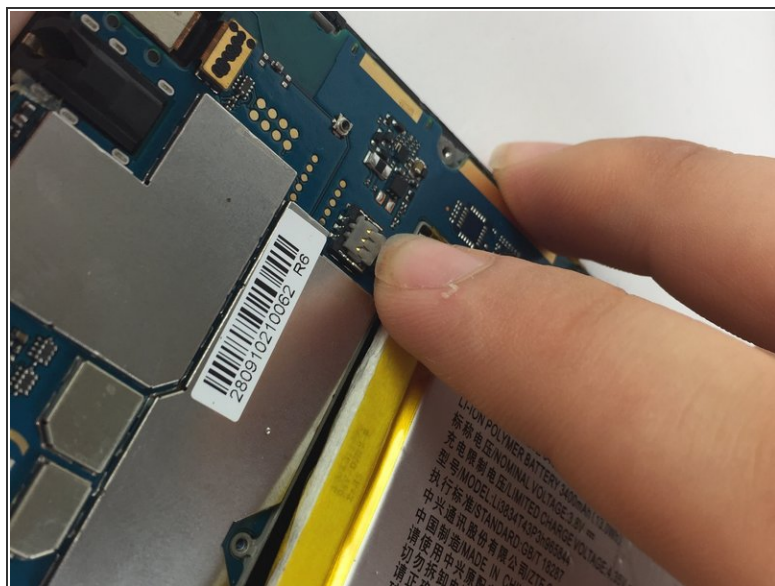

## Step 4

- Remove the mid frame with the plastic opening tool.

## Step 5

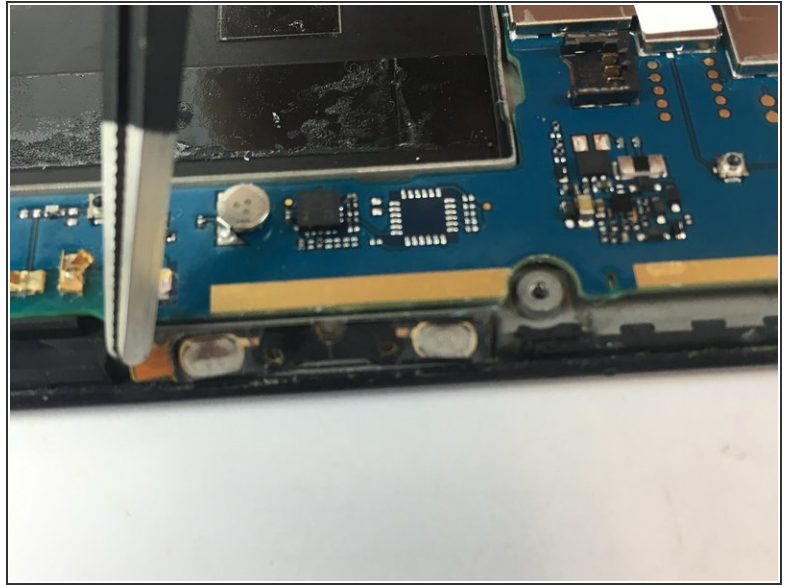

- Disconnect the battery from the motherboard.

## Step 6

- Wedge a spudger underneath the battery and gently pry upwards to remove the battery.
  - Once free from the glue, remove from device.
- ⚠ The glue holding down the battery is strong so work slow and cautiously to avoid starting a fire.

## Step 7 — Volume Button

- Peel off circuit board carefully.
- ⓘ The new part will need to be soldered onto the motherboard.

To reassemble your device, follow these instructions in reverse order.
