INTRODUCTION

Installing the front cover of the phone.

🔧 TOOLS:

- Phillips #0 Screwdriver (1)
- Spudger (1)

Step 1 — Front Cover

- Use a Philips #0 screwdriver to remove the two screws below the screen.

Step 2

- Using the spudger, separate the black speaker cover from the top part of the phone.

- Gently remove the black speaker cover completely.

- Remove the two screws, approximately 10 mm in length, behind the black speaker cover with the screwdriver.

|

Step 3

- Once the two screws are taken out, use the spudger to remove the front cover of the phone.

To reassemble your device, follow these instructions in reverse order.
