

OnePlus 3 Battery Disconnect

Prerequisite step! Disconnect the battery from the OnePlus 3.

Written By: Arthur Shi

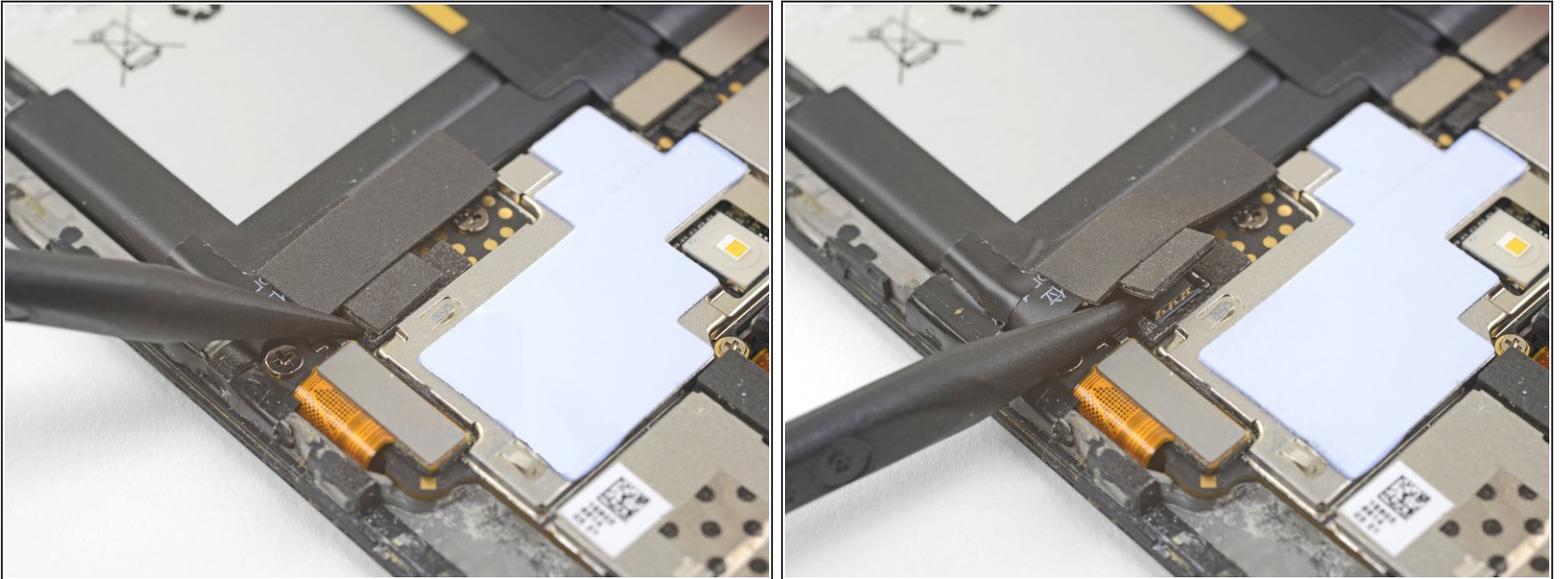

INTRODUCTION

Prerequisite step only! Disconnect the battery from the OnePlus 3.

TOOLS:

- [Spudger](#) (1)
-

Step 1 — OnePlus 3 Battery Disconnect

- Use the point of a spudger to pry up and disconnect the battery connector from its socket, located above the top right corner of the battery pack.
- Bend the connector away from the socket to prevent accidental contact.
- ⓘ To re-attach [press connectors](#) like this one, carefully align and press down on one side until it clicks into place, then repeat on the other side. Do not press down on the middle. If the connector is misaligned, the pins can bend, causing permanent damage.

To reassemble your device, follow these instructions in reverse order.
