Step 1 — How to Reset Network Settings

- Click on the **Settings** app.

- Do not 3D touch the screen. For illustration purposes only.

Step 2

- Scroll until you see **General** and select it.

Step 3

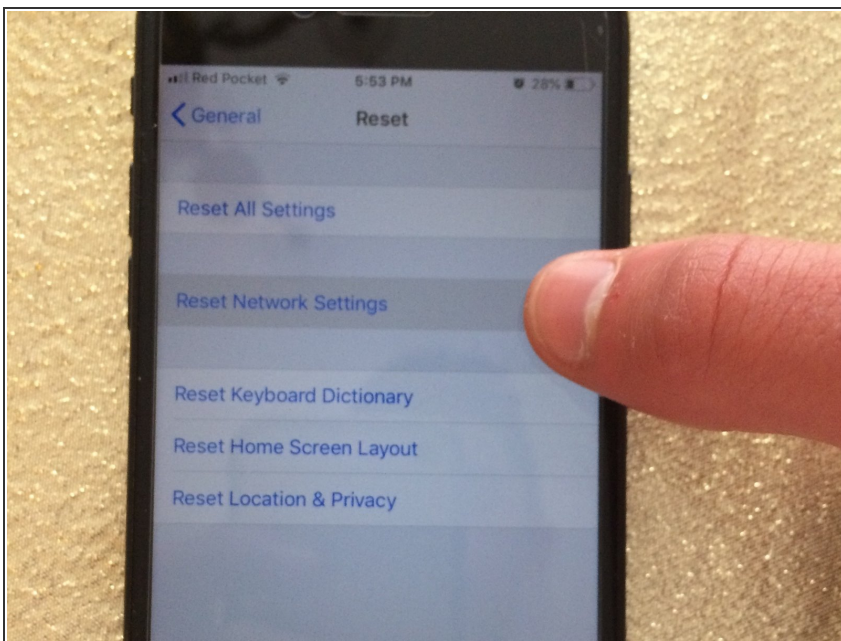

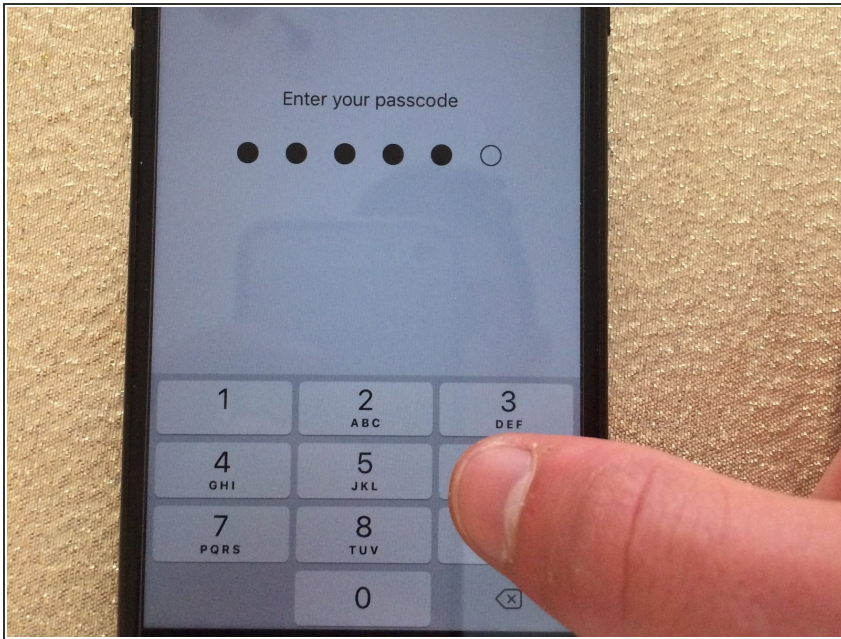

- Scroll all the way to the bottom and tap on **Reset**.

- Newer versions of iOS will have this setting listed as **Transfer or Reset iPhone**

Step 4

- Tap on **Reset Network Settings**.

- On new versions of iOS, select the **Reset** option and then **Reset Networks Settings**.
