

# Samsung Galaxy J7 Volume Button Replacement

Written By: Gabriel Arellano

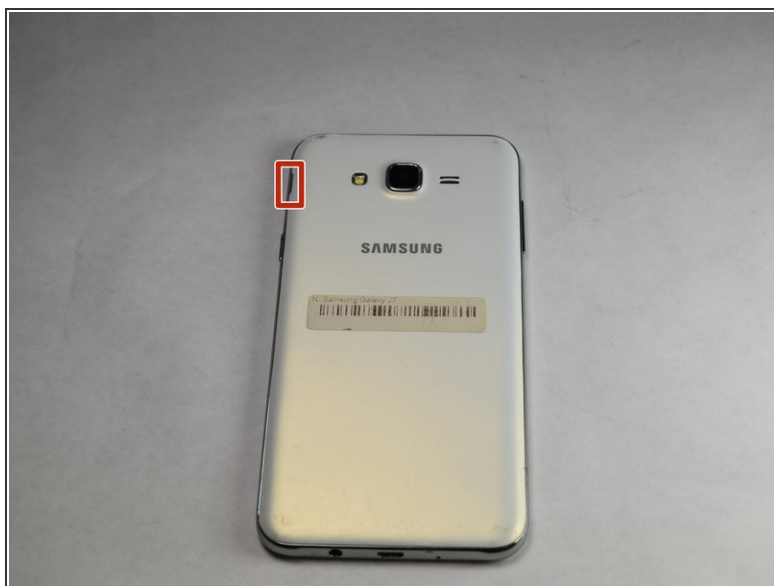

## TOOLS:

- [Tweezers](#) (1)
-

## Step 1 — Back Cover

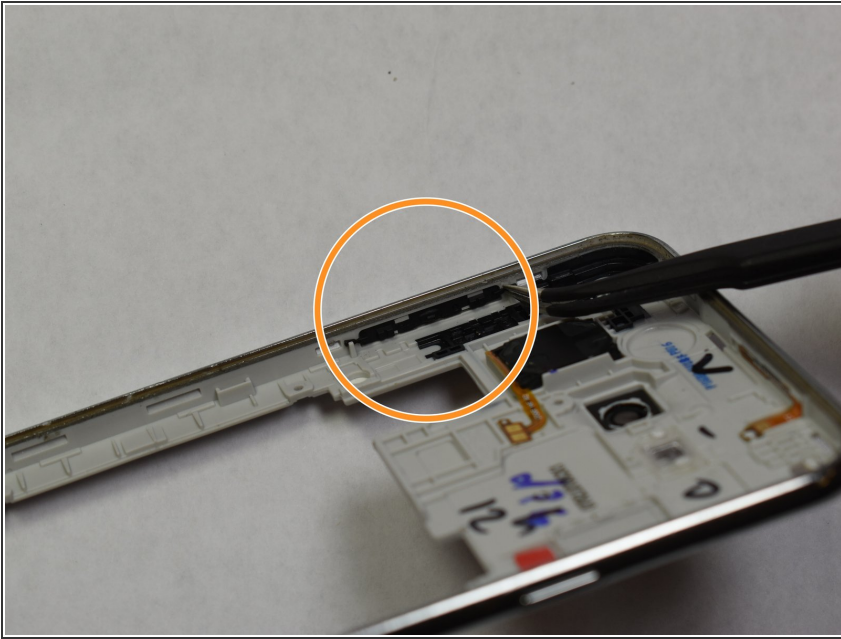

- Remove the back of the device by pulling on the tab in the top left.

## Step 2 — Volume Button

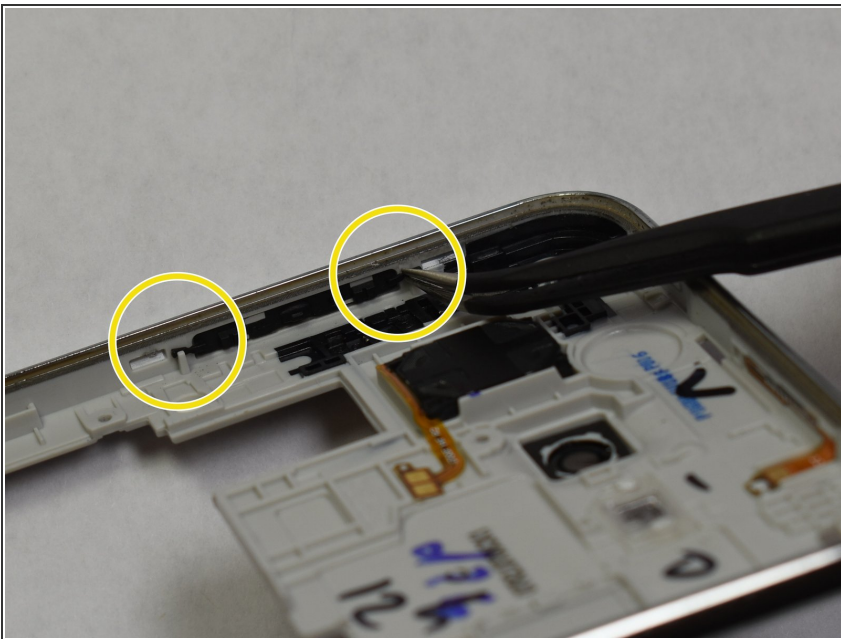

- Once your device's back has been disassembled, grab the panel that has the volume buttons.

### Step 3

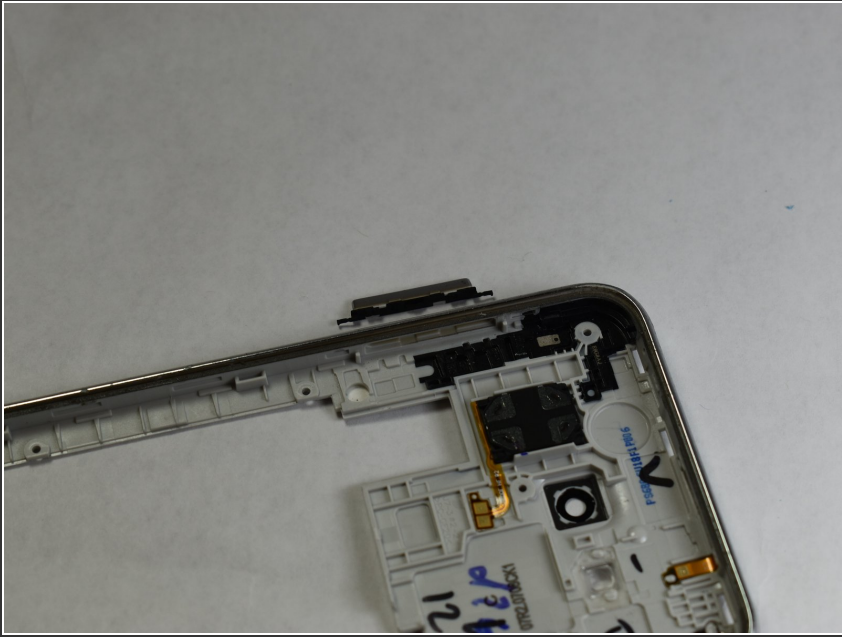

- Turn the panel around and locate the volume button.

### Step 4

- Locate the rubber tabs and gently lift them up from their inserts with the tweezers.

## Step 5

- Push button inward from the outside to remove.

To reassemble your device, follow these instructions in reverse order.
