INTRODUCTION

This guide will help you remove the outer cover of your Sony BDP-BX510 so that you can start the replacement steps in the other guides.
🔧 TOOLS:

- Phillips #2 Screwdriver (1)

Step 1 — Outer Cover

- Plug in the device to turn it on, then press the eject (⏏) button to open the tray.
Step 2

- To remove the tray cover, hold both sides of the tray cover and gently apply a downward pressure.

- Apply slightly more pressure to the left side until it unhooks then unhook the right side.

- Close the disk tray by pressing the eject button again, then power off the device and unplug it.
⚠ Do not use too much force to remove the tray cover as you may break it.

Step 3

- Turn to the back of the device.

- Remove the two 7mm Phillips #2 screws.

- Slide the two plastic covers on both sides of the device towards the back of the device to remove them.

Step 4

- Turn the device so you can see the bottom.

- Unclip the three black plastic clips on the bottom of the device.

- Unclip one clip on each side of the device.

Step 5

- Slide the cover forward to remove.

To reassemble your device, follow these instructions in reverse order.
