---

## INTRODUCTION

This is quick and easy guide on how to replace a key fob battery of a 2014 Toyota Corolla. Rather than trying to find someone to do it for you, you can do it at home in under 5 minutes.

---

### **TOOLS:**

- [Spudger](#) (1)
-

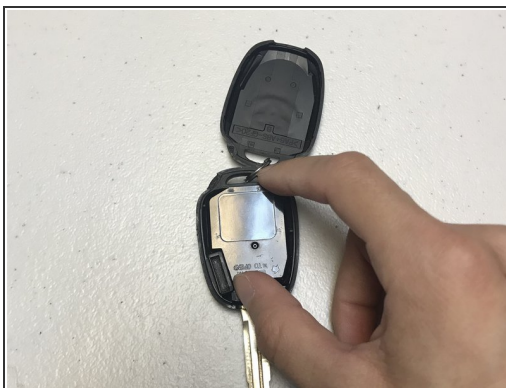

## Step 1 — Key Fob Battery

- Open the back cover of the key fob with a flat prying tool.

 In the photo I have used the back of tweezers.

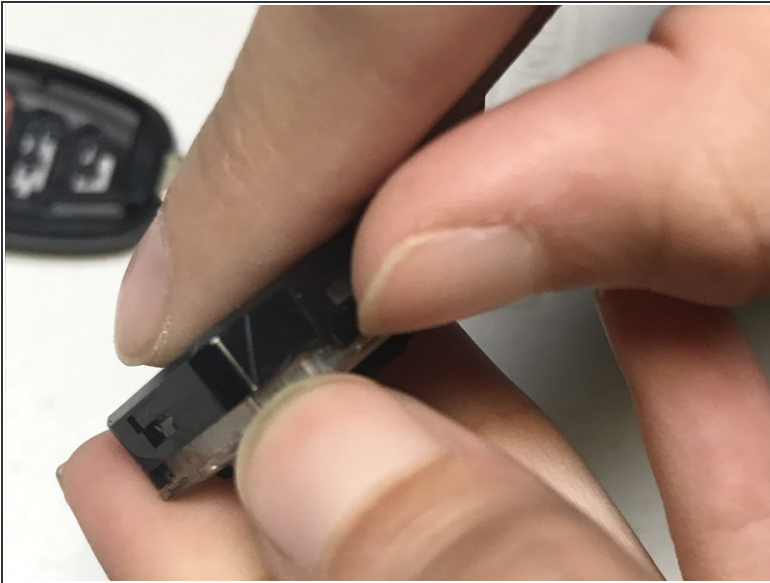

## Step 2

- Remove the remote from the key fob.

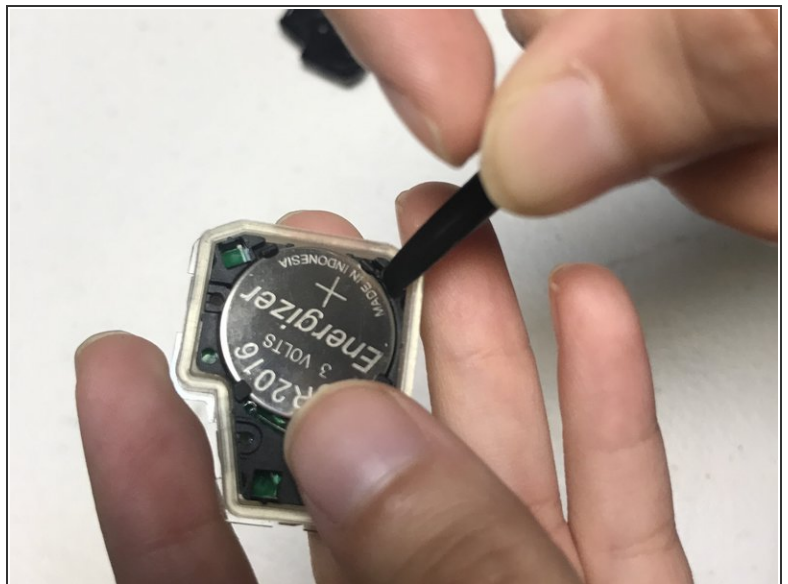

### Step 3

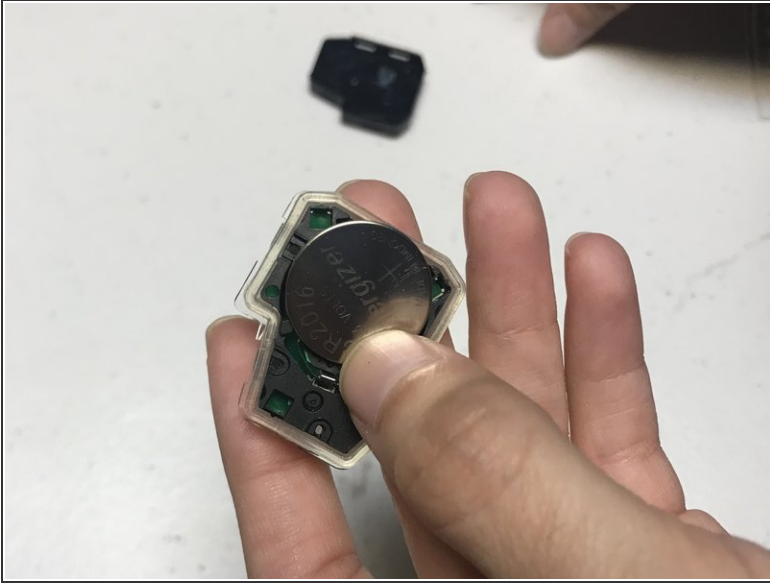

- Grab the remote and grip where the edges meet.
- Pull on the two covers until they come off.

### Step 4

- Lift the battery out using a prying tool.

## Step 5

- Remove the battery from the key fob.

## Step 6

- Insert the new battery into the bracket.

To reassemble your device, follow these instructions in reverse order.
