INTRODUCTION

This guide will take you through the steps of replacing your battery. You can use these to replace a malfunctioning battery for a new, working battery.

Step 1 — Battery

- Flip the laptop over so the bottom is facing upward and the battery is on top.
- Slide the tab below the battery to the left.

Step 2

- Slide and hold the tab on the right side of the battery to the right.
- While holding the right tab, slide the battery upward and out its socket.

To reassemble your device, follow these instructions in reverse order.
