## Step 3

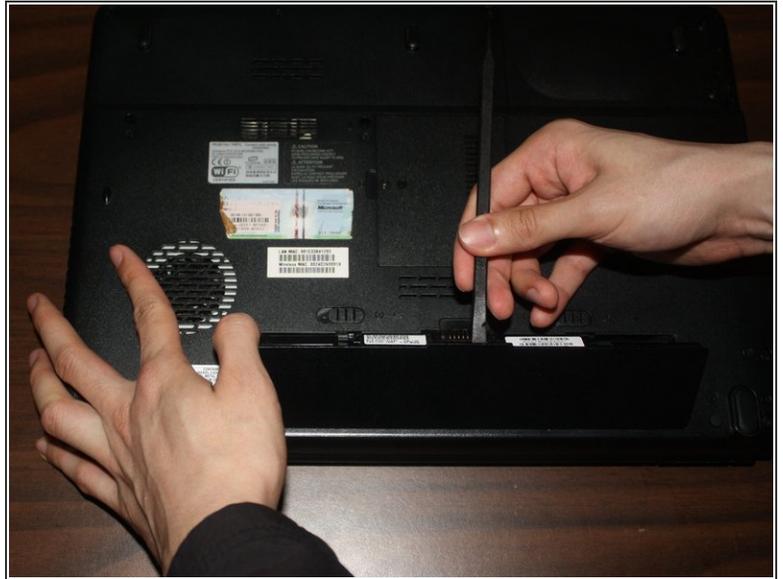

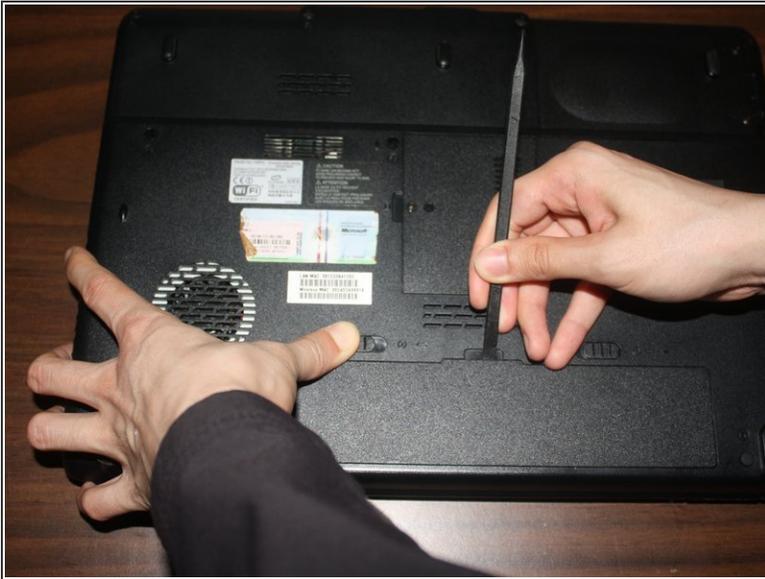

- While holding the left battery lock to the left, lift up the battery using the tab located on the top center of the battery.

## Step 4

- Remove the battery from the laptop.

## Step 5 — CD Drive

- Locate the RAM cover on the underside of the laptop.

## Step 6

- Use a phillips head #0 screwdriver to remove the screw located on the RAM cover.

This document was generated on 2020-11-28 03:14:15 AM (MST).

## Step 7

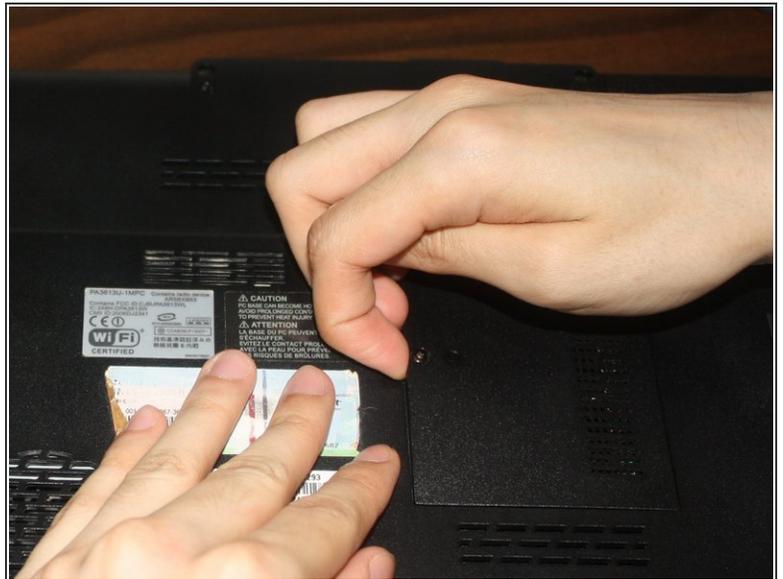

- Using your fingers, carefully remove the cover.

To reassemble your device, follow these instructions in reverse order.
