

Kodak EasyShare M2008 Battery Door Replacement

Written By: Kyanna

 **TOOLS:**

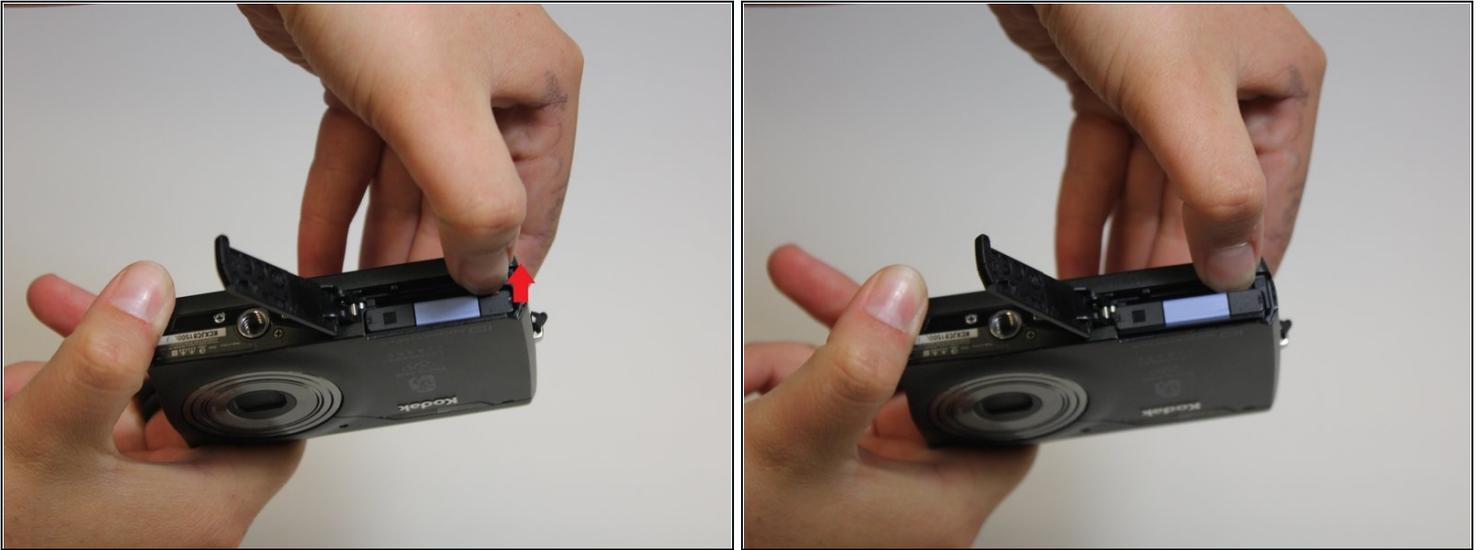

Tweezers (1)

Step 1 — Battery

- Place thumb firmly on battery cover.
- Slide thumb right, the cover should follow and pop up.

Step 2

- Place thumb on orange tab and pull back towards screen.
- The battery should pop up.
- Gently lift battery out.

Step 3 — Device Casing

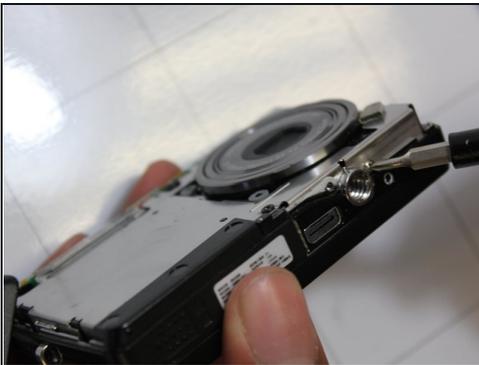

- Remove screws from along outer edge of casing.
 - There are 6 screws in total.
- ⓘ Righty tighty, lefty loosey!

Step 4

- Gently lift off front and back casing.

Step 5

- Remove screws along side.
- Gently peel off side casing.

Step 6 — Battery Door

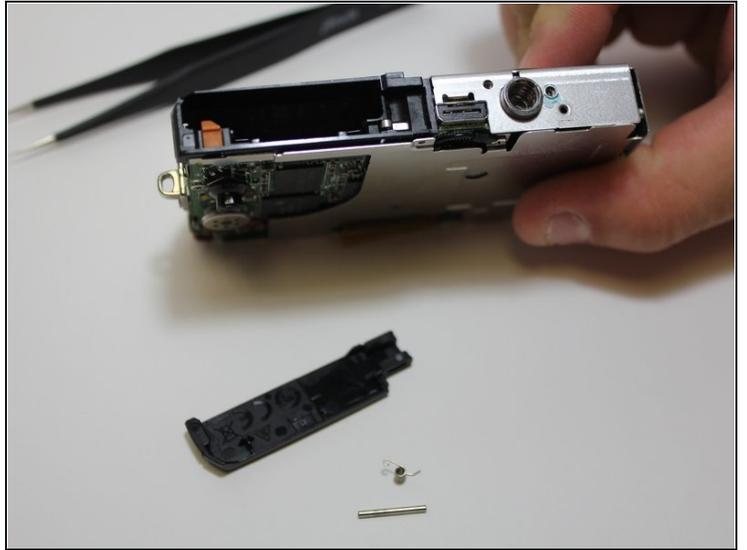

- Open the battery door and identify the retaining pin.
- Push retaining pin out with small [tweezers](#).

Step 7

- Once pin is out halfway, close door to ensure no loose parts get lost.
- Continue to pull out the remaining length of the pin.

Step 8

- Gently lift off door cover.

To reassemble your device, follow these instructions in reverse order.
