Step 1 — Sega CD Plastic Housing Removal

- Using a Phillips head screwdriver remove six screws from the bottom of the console.
  - The six screws are marked.

Step 2

- Remove the two screws that attach the Genesis' connector to the rest of the console.
  - The two screws are marked in the diagram.

Step 3

- Slide the lock tab to the left to separate the halves of the console.

Step 4
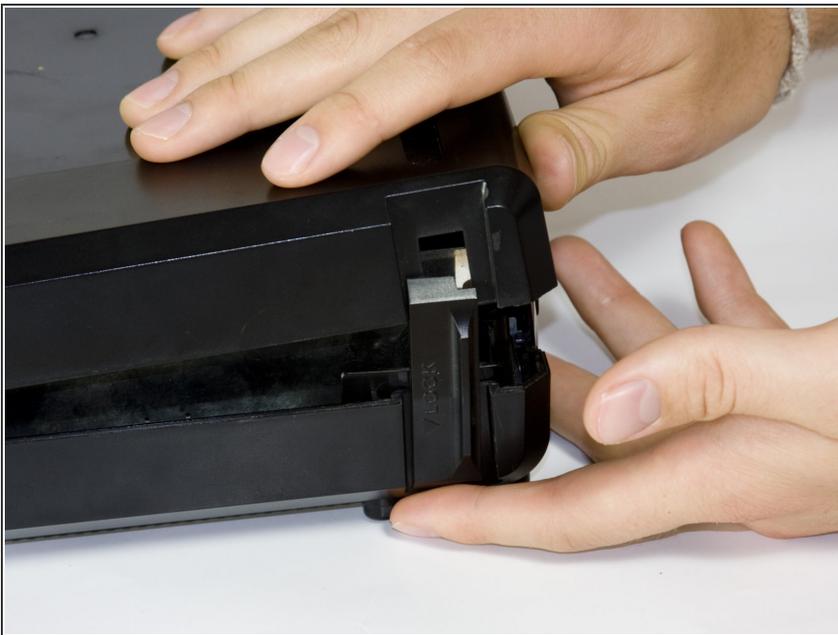

- Lift from the left side to remove the top of the case.
