

# OnePlus 2 Battery Replacement

This guide will help you to replace the battery in your OnePlus 2.

Written By: Kayla Williams

## INTRODUCTION

If you have noticed your phone charge dying rapidly or inconsistently, perhaps it's time to replace your battery. This guide will show you how to do that.

---

### TOOLS:

- [Spudger](#) (1)
- [Phillips #000 Screwdriver](#) (1)
- [Tweezers](#) (1)

### PARTS:

- [OnePlus 2 Replacement Battery](#) (1)
  - [Precut Adhesive Card](#) (1)
-

## Step 1 — SIM Card

- Make sure that your phone is turned off before proceeding
- Use an opening pick, your thumbnail, or a spudger to gently pry off the external casing

## Step 2

- Locate the SIM card tray on the back of the phone
- Use your thumb to gently slide out the tray

### Step 3

- Remove the SIM card tray

### Step 4 — Battery

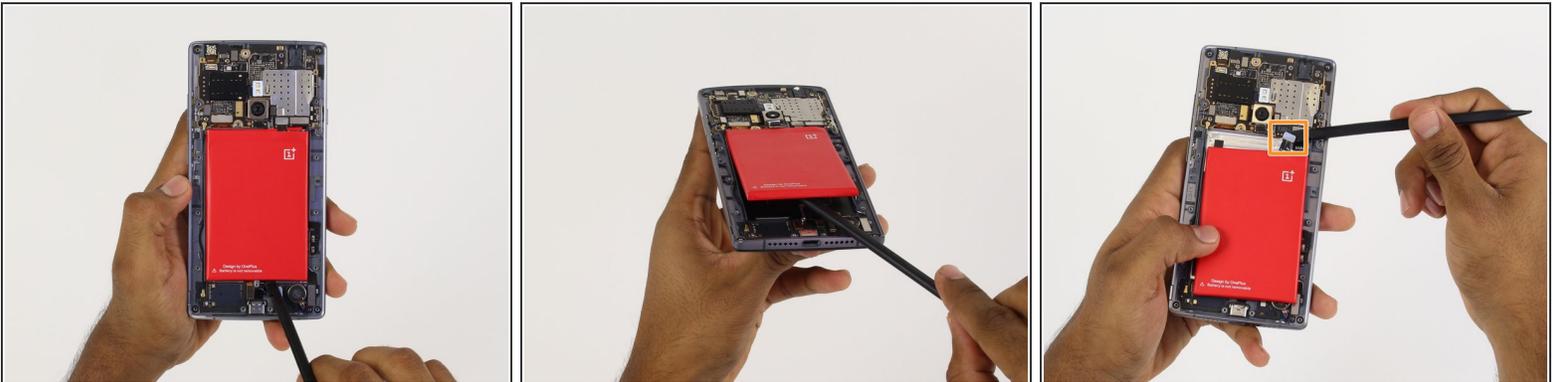

- Find and carefully remove all 6 rubber screw covers with the tweezers.
- Unscrew all 18 screws from the mid frame.

## Step 5

- **Carefully** pry up the mid frame from the back of the phone with the plastic opening tools.
- Slowly work your way around the phone releasing all the clips that hold the frame in place.

## Step 6

- Using the spudger tool, pry the battery up from the adhesive.
- Once the battery is loose from the adhesive holding it down, use the spudger tool to pry up the connection from the battery to the phone on the top right hand side.

To reassemble your device, follow these instructions in reverse order.
