## INTRODUCTION

Want to see what is inside the case? Take off the back cover of the device.

TOOLS:T5 Torx Screwdriver (1)

This document was generated on 2020-11-23 01:33:02 AM (MST).

## Step 1 — Back Cover

• Remove the six T5 Torx 6.32mm screws securing the back cover to the watch.

## Step 2

• Remove the back cover carefully.

*i* Even after the screws have been removed, the back cover can still be quite difficult to take off. Moderate to extensive prying may be required. Be gentle, but *firm*.

To reassemble your device, follow these instructions in reverse order.
