Step 3

- Remove the side case door by pushing towards the rear of the device with your hand.
  - (i) This may take considerable force so keep pushing!
- Once you slide the door back, remove it by pulling it outwards from the device.

Step 4

- Remove the side case door by pushing towards the rear of the device with your hand.
  - (i) Once again, this may take considerable force.
- Once you slide the door back, remove it by pulling it outwards from the device.
