

Samsung SCH-A310 Antenna Replacement

This guide will show you how to replace the antenna.

Written By: Aaron Epstein

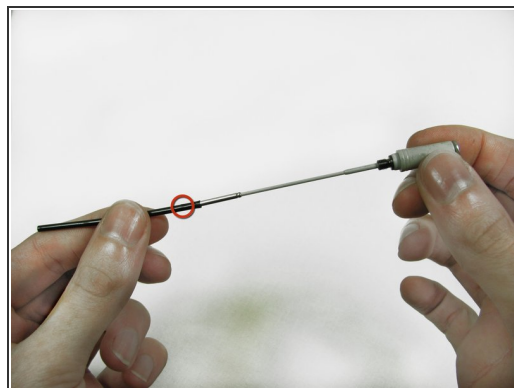

Step 1 — Antenna

- Remove the battery by pressing the button at the top of the case.

Step 2

- Unscrew the antenna by twisting it counter-clockwise until it is loose.
- Slide the antenna out of the phone.
- The black casing can be removed from the old antenna and used for the new antenna.

To reassemble your device, follow these instructions in reverse order.
