INTRODUCTION

If you are having a problem with your device's charging port, here is a step by step guide to replace a faulty charging port of your Shark Cordless Pet Perfect.
🔧 TOOLS:

- Soldering Iron (1)
- Phillips #2 Screwdriver (1)

Step 1 — Charging Port

- Remove the dust cup container from the motor housing.

Step 2

- Remove the five 14mm screws with the PH 2 bit. Once all the screws are removed, pull one part of the housing away from the other.

Step 3

- Pull the charging port mount away from the housing. Once separated, pull the the charging port out of the mount to access the charging port itself.

Step 4

- Use a soldering iron to disconnect the wires from both terminals.

- (i) For soldering help, check out iFixit's [How to Solder and Desolder Connections](#) guide.

To reassemble your device, follow these instructions in reverse order.
